**President Of Medical Academy Said To Have Taken Attitude Unbecoming To Dignity Of Society**

**NASSAUVILLE, Tenn., March 5.**—Resolutions calling for immediate action to remove Dr. W. M. Sumlin from the presidency of the Rock Hill Academy of Medicine, which Sumlin had accepted as its president, were adopted at a meeting of the organization, held here today night. The resolutions, drafted by W. M. A. Porters of the articles, referred to contained statements of Sumlin's "unethical conduct" toward various individuals and groups and as a result of the recent walkout of students from the Rock Hill Academy.

The resolution points out that Sumlin was not to be associated with the Rock Hill Academy of Medicine and has made Dr. Sumlin an undesirable member, removing the need of his presence as a faculty member or a student fellow.

Infinite exclusion of Dr. Sumlin from the Rock Hill Academy of Medicine was called for in the resolution.

The meeting was presided over by Dr. W. M. Sumlin, president of the organization.

The "segregation ordinance" restricts colored citizens from dwelling in white neighborhoods and white citizens from living in colored neighborhoods. It was introduced and passed in the Council immediately after the stir recently created here by the "Louisiana Segregation Club," an organization of whites, including many leaders in the city, open to all whites, but limited to restrict the residential privileges of the Negro.

## OPERATOR BRAVES FIRE BRINGS 75 TO SAFETY

NEW YORK, March 4.—When Herman Malone, colored elevator operator at a fashionable apartment house at 328 West 57th street, discovered a fire in the building, he went to his post and extended aid to his tenants, including fire-fighters, to safety.

The fire, which did considerable damage to the seven-story apartment house, broke out in the kitchen of a night engineer's apartment. The fire-fighters and the company had responded.

But, three women were overcome by smoke.

### COLORADO CURE KILLS

**NEW YORK, Mar. 7**—Three persons were killed, including a colored chef, and five colored waiters received serious injuries, while more than 200 scores were shaken up and injured when the dining car of a Atlantic Coast Flyer was rammed by a local passenger train at Manhattan Transfer near Newark, New Jersey.

The local train said to have run at 40 miles an hour, slammed into the dining car.

Three additional orders were sent to the Klan headquarters back on the Negro business. When a new riot occurred in London, a new order was sent to a policeman, William Van der Meer, by a member of a gang of white men, who had been the subject himself.

## RACE PREJUDICE

"I am convincing myself that there is no more evil in this present world than race prejudice; none at all."  
"I write deliberately: it is the worst single thing in life now. It justifies and helps justify the basest crimes and abominations than any other sort of error in the world." — H. G. Wells.

## THE NEGRO AND STATE APPOINTMENTS

Governor Baker has been elected. He has been inaugurated and he is now exercising his power to appoint capable men and women to fill important positions in the State Government. By careful selection and the exercise of his power in a judicious manner, the Governor has succeeded in appointing a number of capable men and women to fill important positions in the State Government. By careful selection and the exercise of his power in a judicious manner, the Governor has succeeded in appointing a number of capable men and women to fill important positions in the State Government.

The outstanding feature, to our mind, is that the Governor in his selections has overlooked a very important group of citizens who were his loyal supporters during the primary campaign and also the general election.

Governor Baker therefore has an opportunity to serve, peculiarly his own. He must rise or fall on his own decisions. It is our contention that in view of the fact that he only won the election by less than 6000 votes, that he owes the 15,000 Negro voters of Missouri a very definite share of the appointments under his control. We urge that they should be made on the same basis of efficiency as required by others and disapprove of any awards not in line with the same.

It would be a splendid thing for the Governor to call in a group of Negro representatives and hear their opinion on this matter. There is a growing sentiment that our group, whose votes were so earnestly solicited in November, is now being side-tracked or held in the background until all worthwhile positions are filled. This has been done repeatedly, it is pointed out, and results in no representation on party councils for the race. The race looks to those who from the rostrum and platform extolled the virtues of Governor Baker, and the Republican party, to make good their promise of representation in the State Government. Governor Baker will measure up to their pre-election oratory by doing something worthwhile. There are numerous departments where his recommendation would be acceptable. Why can't we have some recognition after election as well as before? The Governor has the answer in his own hands.

## INSIDE DOPE ON KLAN

In last week's issue of this paper, it will be recalled that we reproduced a story from the St. Louis Star, which gave an account of a lecture, made by an organizer of the Ku Klux Klan, revealing some inside dope on the workings and doings of the Ku Klux Klan in and about St. Louis.

We invite all Negroes, Jews, Catholics and Greeks to take notice of this insidious propaganda. If there is anyone interested in how the Klan is trying to stir up race against race, by appealing to race prejudice in the most skillful form, they should read that story.

Such propaganda may serve to win the point when men are hoodwinked by startling pictures of imaginary wrongs, which are supposed to be imposed upon by others, but in the end, it is only undermining the very foundation of a government like this of ours. It is a brooder of race hatred, and makes "cowards of men."

We pity, yes, we more than pity the man who argues "Let them alone and they will soon die." It is criminal, and such persons should and ought to be jointly charged as "accessories before the fact," when any crime is laid at the Klan's door.

While peaceful and patriotic citizens are industriously going about selling race, hatred, and sowing seeds of dissension among the people. Yet, there are men who go for the sake and greed of office, court favor, and find encouragement to such organizations.

The Klan, without our knowledge, consultation or will has sought this fight to us. The Klan challenges the right of Jews, Catholics, Negroes and Greeks to citizenship rights in America. The so-called one hundred and thirty-five members of the Klan, under the cloak of an invisible empire, have banded themselves into mobs pulled down all over their heads, and faces, waving only holes for their eyes, and have declared war. As we see it, they are nothing left for the Jews, Greeks, Catholics and Negroes to do but get out of the country, or fight.

In their cunning left for the Jews, Greeks, Catholics and Negroes that they cannot oppose to the Jew. In the presence of Jews, Catholics and Greeks the same thing; but now and then, they appear one like the ex-policeman, Dunaway who tells, behind closed doors, the full meaning of the Klan, and just what its aims and purposes are.

We imagine that the supporters of J. Hugo Grinnell felt like having a child after that cold, distant, and reserved speech of his last Monday night at St. Paul Church. It may be that the ex-judge was only giving them a foretaste of what they may expect if he is elected mayor.

That religion which impels one to respect the rights of his fellowmen is good enough for me.

It's a pretty nice thing to follow a man because he does something for you personally, but one should have a right of self when matters affecting the whole race are at stake.

Now tell us, tell us really, what is Victor J. Miller doing for the colored people, except a lot of talk?

There is one thing certain, we do not think "much" of the religion or Christianity of the members of the Ku Klux Klan, except that they are a big band of hypocrites.

Play safe. Vote for Louis P. Aloo for mayor. Take no chances with the Ku Klux Klan, your arch enemy.
